

CÆSAR GUERINI

Caesar Guerini Summit Sporting

The Summit Sporting is an efficient shotgun designed to accomplish only one task: breaking targets. Every feature is carefully thought out. The receiver is designed to withstand a lifetime of competitive shooting. When you compare the thick receiver walls and large bearing surfaces with any other over-and-under, it becomes clear this gun is designed for durability. No matter how unlikely they are to wear out the trunnions and locking lugs can be easily replaced. The stock is not ambidextrous. It includes palm swell cast off and toe rotation for either a right or left hand shooter. Each barrel length is designed to balance perfectly while offering stability. The small gauge sporters are even offered with 32" barrels. The elegantly sculpted boxlock receiver is embellished with a neo-modern style engraving created by world famous master engraver Bottega Giovanelli.
